## XLV CONGRESS.

### SENATE.

WASHINGTON, Feb. 12.  
Mr. Allison, from the Committee  
on Indian Affairs, reported back  
the resolution instructing the com-  
mittee to inquire into the recent  
escape of the Cheyenne Indians  
and subsequent slaughter, together  
with communications from the Sec-  
retaries of War and Interior De-  
partments on the subject. He said  
the committee were unable, from  
the papers, to make any intelligent  
report this session, but believed it  
was a matter of importance and  
should be inquired into; therefore, on  
their behalf, submitted a resolution  
for a select committee of five to ex-  
amine into the circumstances attend-  
ing the escape, etc. Agreed to.

Mr. Whyte presented the resolu-  
tions of the Baltimore Board of  
Trade and remonstrance of the  
ship-owners of that city against the  
proposed amendment to the Post-  
office Appropriation bill to establish  
Brazilian mail steamship lines.  
Ordered printed and lie on table, a  
bill now being before the Senate.

Mr. Sargent, of California, from  
the Committee on Naval Affairs, re-  
ported favorably on Senate bill to  
regulate applications for restoration  
to the active list of the Navy.  
Passed. It provides that all ap-  
plications of officers of the Navy for  
restoration to the active list, or for  
advancement to positions on the ac-  
tive list, and also similar applica-  
tions on the retired list, as well as  
pay therein, shall be made to the  
Secretary of the Navy, who shall  
thereupon, order the Board of offi-  
cers, not below the grade of the ap-  
plicant, to investigate his case and  
report thereon, and said report, with  
the recommendation thereon of the  
Secretary of the Navy, shall be for-  
warded to Congress, for its action  
thereon. No such application shall  
be made except as herein provided.  
He also reported, from the same  
committee, adversely on Senate bill  
authorizing the establishment of a  
naval station and depot at Port  
Royal, S. C., and it was indefinitely  
postponed.

The House adjourned at 4:30  
o'clock, having made considerable  
progress on bills.

### WASHINGTON.

WASHINGTON, Feb. 11.  
In the House to-day the majority  
and minority reports of the Com-  
mittee on Elections, in the Florida  
contested election case of Finley vs.

the table for future action. The  
majority report is in favor of Fin-  
ley's claims, and is signed by all  
the Democratic members of the  
committee except Turney, of Penn-  
sylvania, who joins the Republicans  
in their report in favor of Bisbee.

The House was in a Committee  
of the Whole on the Legislative,  
Judicial, and Executive Appropria-  
tion bill. After a protracted dis-  
cussion the House proceeded to  
consider the bill in paragraphs, for  
amendment. After making some  
progress the committee rose.

of the Committee on Commerce,

WASHINGTON, Feb. 12.—Joseph  
Richardson was nominated for post-  
master at Houston, Texas.

The committee appointed by the  
Republican members of the Senate  
to prepare and report to the caucus  
an order of business for the re-  
mainder of the session agreed to-  
day that besides the annual appropria-  
tion bills the Edmunds consti-  
tutional amendment to prohibit the  
payment of disloyal claims should  
be passed forward to final action.

The Senate passed House bill  
creating the Northern Judicial Dis-  
trict of Texas.

A bill to supply the additional  
library accommodations was dis-  
cussed, and a bill to restrict  
Chinese emigration was taken up.

At an informal meeting of the  
Potter Investigating Committee to-  
day, at the instance of the Republi-  
can members, it was agreed to issue  
subpoenas for Messrs. Cayle, of  
New York, Woolley, of Cincinnati,  
Solomon, of South Carolina, and  
Dunn, of Florida. There was no  
other business, although a meeting  
of the committee is to be called to-  
morrow. It is not probable that  
anything interesting will occur until  
Monday next, at which time the  
above-named are expected to arrive  
in the city.

### VIRGINIA.

RICHMOND, Feb. 12.—In the U.  
S. Circuit Court to-day, in the case  
of Adolphus Gilman, tried for viola-  
tion of the election law in forcibly  
ejecting a Deputy U. S. Marshal  
from the polling room in the First  
Ward, Petersburg, continued from  
yesterday, Judge Hughes ruled in

effect, that Deputy Marshals of elec-  
tion have no right in such room dur-  
ing the progress of the voting un-  
less his presence is needed to quell a  
disturbance, or if the Supervisor  
be in actual protection, or if fraud  
be attempted. The evidence not  
being of a character to sustain such  
charge, the District Attorney en-  
tered nol. pro. and the prisoner  
discharged.

The evidence in the case of Alex-  
ander Vaughan, Judge of Election  
in Petersburg, charged with "ballot-  
box stuffing," was heard, and the  
case continued until to-morrow.  
The cases of Farham and Oliver,  
Judges of Election in the same  
city, were continued till the next  
term of court.

## KENTUCKY.

CINCINNATI, O., Feb. 12.—A  
dispatch from Louisville, Kentucky,  
says that a mob of two hundred  
men rode into Campbellsville, Ky.,  
Saturday in search of J. L. Robin-  
son, who had been appointed re-  
ceiver to collect railroad tax from  
Taylor county, in satisfaction of  
the judgment of the United States  
Circuit Court at Louisville. The  
search was fruitless. Robinson, it  
is stated, has resigned his receiver-  
ship.

## MINOR DISPATCHES.

CINCINNATI, Feb. 12.—The coal  
miners at Ashland, Ky., who have  
been on a strike for the past few  
months, have resumed work without  
any concessions having been made  
by the proprietors.

LONG BRANCH, N. J., Feb. 12.—  
Mrs. James W. Wallack, sister-in-  
law of John Lester Wallack, com-  
edian, of New York, and daughter of  
the late Wm. R. Blake, comedian,  
died yesterday.

## GREAT BRITAIN.

LIVERPOOL, Feb. 12.—Trade is  
quite paralyzed by the strike, which  
has now extended to the carters and  
to the whole body of carpenters,  
some of whom were already on a  
strike. The strike among the  
sailors has become more general,  
and great difficulty is experienced  
in obtaining crews, save at consid-  
erably increased rates. Yesterday  
several ships were awaiting crews,  
but the men were firm. It is stated  
that there are thirty-five grain  
laden ships at Queenstown, and that  
the owners do not know how to  
send them. There are many re-  
ports of intimidation by dock-  
hands, laborers and others  
to prevent men from  
working until the dispute is settled.  
The Cuvard Company have all their  
vessels in Hlas Kisson Dock, which  
is enclosed, and have provided  
within the dock walls accommoda-  
tions for the men brought from  
Glasgow. The local authorities  
maintain strict supervision with  
the police and military, and none but  
people on business are allowed  
within the inclosure along the  
whole line of works. There is to be  
another interview to day between  
the ship owners' committee and the  
deputation from the strikers.

## GERMANY.

BERLIN, Feb. 12.—The German  
Reichstag was opened to-day by the  
Emperor William in person. In his  
speech from the throne he said he  
thanked the members for assisting  
in the suppression of the Socialist  
agitation, and hoped they would con-  
tinue to support the Government as  
far as was necessary for the cure of  
the Socialist evil. He announced  
the abolition of article 5 of the treaty  
of Prague and referred with pleasure  
to the friendly relations with Aus-  
tria and the results of the Berlin  
Congress. He declared that the re-  
lations between Germany and all  
other Powers are satisfactory, and  
that he would continue to use her  
influence in behalf of European  
peace.

## THE EAST.

St. PETERSBURG, Feb. 12.—The  
Golos publishes the following tele-  
gram from the principal members of  
the Bourse at Astrachan: "Accord-  
ing to official and private reports  
the epidemic has entirely disap-  
peared. There have been no cases  
in this government for several days."

## THE WEATHER.

The following are the weather pre-  
dictions of Prof. Tice for the remain-  
der of the month of February:  
Teuth to 14th, cloudy threatening  
weather, with heavy rain or snow  
storms; 14th to 15th, clear or fairly  
15th to 18th, ending in rain or snow  
storms in p.m.; 18th to 21st, clear or  
fair; 21st to 26th, ending in clearing  
weather, with a severe  
storm in p.m.; 26th to 28th, clear or  
fair; 28th fair and pleasant. The  
warmer days will be about the 5th,  
12th, 17th, 23rd and 28th. The com-

paratively cooler days will be the 3rd,  
5th, 10th, 24th and 25th.  
Storms often repeat for three suc-  
cessive days, at about the same hour  
each day. In such cases the hour  
will be indicated about two days before  
the first storm occurs, by the clouds  
forming heavily and often suddenly  
at the hour, and then they suddenly  
disperse. On the Pacific Coast, and  
likewise on the Gulf Coast, the storms  
appear early, that is, a day in advance  
of the disturbing cause, or even thirty-  
six hours earlier. When storms are  
retarded, they arrive often two days  
later than indicated in the forecasts,  
on the Atlantic and one day later in  
the interior of the country; they are  
then violent; for causes of retarda-  
tion are also causes of violence.

## Ayer's Cherry Pectoral

For Diseases of the

Throat and Lungs,

such as Coughs, Colds,

Whooping Cough,

Bronchitis, Asthma,

and Consumption.

The reputation it has attained, in consequence  
of the marvelous cures it has effected, and the  
fact that it will continue to realize the happiest  
results that can be desired. In almost every  
section of country there are persons, publicly  
known, who have been restored from alarming and  
even desperate diseases of the lungs, by its use.  
All who have tried it, acknowledge its superiority;  
and where its virtues are known, no one hesitates  
as to what medicine to employ to relieve the dis-  
tress and suffering peculiar to pulmonary affec-  
tions. Ayer's Cherry Pectoral affords in-  
stant relief, and performs rapid cures of the  
most inveterate of bronchial disorder, as well as  
the more formidable diseases of the lungs.  
As a safeguard to children, and the distressing  
diseases which beset the Throat and Chest of  
childhood, it is invaluable; for, by its timely use,  
multitudes are rescued and restored to health.  
This medicine gains friends at every trial, and  
as the cures it is constantly producing are too re-  
markable to be forgotten. No family should be  
without it, and those who have caused it  
never will.
